OAA Guest Authorization Form: Student Consent to Bring a Guest

If you would like support during your Accessibility and Accommodation meeting, you may invite a guest—such as a parent, guardian, friend, or advocate—to attend. Please note that while guests provide support, they may not speak or make decisions on your behalf; you remain the primary participant and decision-maker.

Authorization and Confidentiality: The privacy of students with disabilities is protected by the Family Educational Rights and Privacy Act (FERPA). By signing below, you acknowledge and agree that any guest you invite to attend your meetings will have access to the information shared during these interactive discussions, which may include protected and confidential information.

Voluntary Nature and Duration: Your consent is entirely voluntary. You may withdraw this consent at any time by providing a written request to OAA, though withdrawal will not apply to information already disclosed. This consent is valid only for this specific appointment and does not apply to future meetings.
